1: see no difference using product infact pimples increased period using
productsorry toh say but truth | 1: not work oily skin properly dont get
result acpect

2: not worth money not visible changes using product | 2: not working

3: nothing special could say like moisturizing loction cream gives hydrated look
hour nothing specific product | 3: im say anybody sensitive skin use spot
treatment apply tiny drop acne tiny white bumps wont recommend using serum whole
face left skin red raw splotchy however throwing away whole bottle much tried
using spot treatment worked like magicnow apply twice day tiny pimples disappear
within hours big cystic acne generally take around week heal suppressed within
daysps tingles burns slightly apply acne nowhere else use everyday but need
little bottle probably going last whole year

4: makes skin purge | 4: buying read many
reviews took risk bought mild acne but using gave severe acne one function
attain but gave breakout ok purge first but weeks fair skin but dont know skin
getting darker n darkeri never use make skin not bad think skin getting worst

5: no help got outbreaks acne sadly | 5: product recommended
one cousinsit suitable skin but tried got acne face became dullso check if thats
suitable skin using long period

6: using almost month didnt find much difference skin failed remove blackheads
dark circles | 6: acne problem increased using

7: acne breakout | 7: makes face oily
controls whiteheads but not get rid

8: bad product | 8: recieved order july
started using july lasted weeks used two times day experience dont know if
effected not term serum seemed powerful but seems like nothing using one good
month see no big difference noticed pores bit smaller week but breakouts didnt
stop regular isand saw bit reduction past pimpleacne scars but didnt vanish but
still think serum percentages work differently every different skin but dont
think worth according money decided make serums

9: received leaked bottle empty bottle wasted money | 9: using product weeks
but not made major difference acne marks blackheads open pores constant
difference notice skin become much soft

10: bit watery made skin little irritating not value money | 10: good face
wash but doesnt anything special skin feels even using face wash months

11: wanted exchange degraded cheap poor quality salicylic acid used
consecutively week smells extremely filthy found allergic skin not anything
pigmentation worst purchase will not buy product future support service made mad
cheap company rather go international brand trying make copies using poor
ingredients reducing price made india tag | 11: not truly impressed actually
happened mentioned marketing product

12: No negative reviews | 12: face wash ok not
amazing claimedtexture average cleansing average

13: No negative reviews | 13: ok

14: No negative reviews | 14: smells bad

15: No negative reviews | 15: used seems two
week skin become oily

16: No negative reviews | 16: thing doesn't
work fine oily sensitive skin assayed website ordered intention would heal acne
but instead left skin itchy resulted acne

17: No negative reviews | 17: box came well
packed but bottle didn't seal proof unused product lid also slightly unscrewed

18: No negative reviews | 18: mild not lather
use lot wastes product wash face twice feel clean dont think im going buy
